DAY NURSERY

www.crackerjacksdaynursery.co.uk

Introduction

CrackerJacks Day Nursery is a private nursery situated in a wonderfully historic setting which will excite and inspire your children. Upton Court has been subject of a major renovation and has been completely refurbished in order to meet the needs of a modern nursery. Upton Court provides our children with a range of free flow activities for every age, with modern facilities in all rooms which also includes under floor heating. Lots of challenges and opportunity inside is only enhanced with the play and exploration opportunities outside. The Great Hall is at the heart of CrackerJacks and is our nursery's social hub, where our children experience the indoors becoming the outdoors all day and every day.

Why choose CrackerJacks?

As professional parents ourselves, we understand that your child is the most precious part of your life and just how important choosing a nursery is for you as a parent. However it doesn't have to be a negative experience. At CrackerJacks, we are here to help ease that process, not only for your child, but also for you, the parent. We understand the pressures you face as busy parents. We know that employers demand more from their employees, particularly at a senior level, and that often there is often no such thing as the 9.00 a.m. to 5.00 p.m. working week.

'Grown Up' childcare

At Crackerjacks, we offer high-quality childcare, in a flexible setting. We have developed our services so that they meet your needs as a working family. Our aim is to help to take the stress out of managing your work life balance. Our range of services includes:

- Our standard nursery day operates from **8.00am to 6.00pm**
- We also offer additional hours from **6.30am** and we are able to close up to **8.00pm** allowing you to meet work commitments which are outside of our core hours*
- **Pick Up and Drop Off service*** which helps takes the stress out of your busy day. We can either come directly to your home address or your place of work to collect your child (in their pyjamas with a ready bag if you prefer) and take them to the nursery, and we are able to return your child for the journey home, where you child can be ready and dressed back in their pyjamas.

**These services are strictly bookable 24 hours in advance, and are a chargeable service. Separate terms and conditions apply. Contact CrackerJacks for more details.*

our philosophy

Our philosophy of care for children is based upon “owned choice”, which describes how our children use the space available to them freely. They are not confined to home bases or one room during their time in the nursery. The opportunities that free flow brings, provides children with the chance to develop their instinct to explore and challenge while learning.

We also adopt self-managed learning which means that our routines follow the needs of each child, rather than the child following the routines of the nursery. CrackerJacks combines the care of a secure homely environment with many opportunities to challenge and develop your child to really benefit from both the opportunities on the inside as well as the nature and the outdoors.

outdoors at crackerJacks

All children love exploring the outdoors and our safe and secure play area gives them a wealth of opportunities to investigate the natural world whilst developing their confidence and learning about the world around them. The CrackerJack’s philosophy is about bringing the inside outside and we see the outdoors as an extension of the learning experiences provided for each child.

At CrackerJacks we have almost three acres of private grounds for our children to explore and discover. We believe passionately that children should be allowed to play and develop their independence whatever the weather.

Nutrition

At CrackerJacks we cater for all types of little taste buds and are committed to offering children healthy nutritious and balanced meals. Our meals are all freshly prepared on the premises and the menus are carefully planned to provide children with their 5 a day seasonal fruit and vegetables, and are presented to ensure mealtimes are an exciting, enjoyable experience for the children. Where possible, our food is organic and is sourced from local suppliers. Naturally, we avoid foods containing high levels of saturated fat, sugar, salt or artificial additives, flavourings, preservatives and colourings.

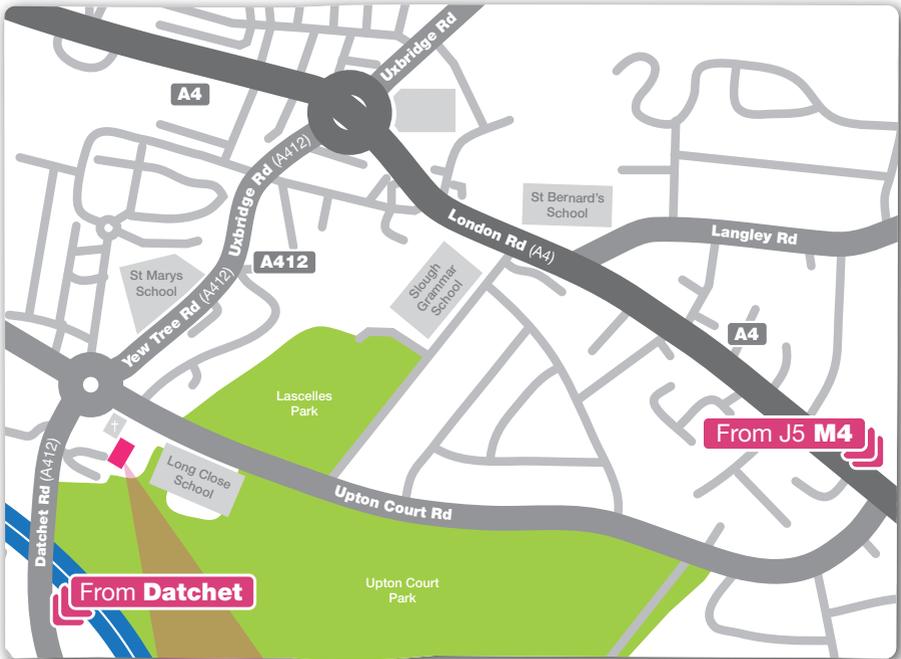

Safety

At CrackerJacks we take your child’s safety extremely seriously, and safeguarding children will always be our number one priority. With this in mind, we have installed CCTV and door entry systems with biometric finger print technology so that you can feel reassured that with us, your child will be happy, safe and secure.

Visit crackerJacks

We think that you will find that *CrackerJacks* is substantially different from other day nurseries. Please don't take our word for it though, please let us show you what makes us unique. We are always happy to show parents and children around and welcome your enquiry. Please call us or email to make a booking. Please allow at least an hour for your visit so you can have a good look around and we can discuss your specific needs in detail.
